Comments: I have lived in Colorado for the past 27 years, and throughout that time, Arapahoe Basin has been an essential part of my life outdoors. As an experienced skier, I've explored ski areas across the state, but A-Basin remains my favorite because of its authentic mountain character, challenging terrain, and deep commitment to preserving the unique alpine experience. It is a place that rewards skill, respect for the mountains, and a genuine love of the outdoors.

Quite honestly, if it weren't for Arapahoe Basin, I don't think I would have developed the same lifelong passion for skiing and spending time in Colorado's high country. The mountain has given me countless unforgettable days, lifelong friendships, and a deeper appreciation for our public lands and natural environment.

For these reasons, I strongly support the proposed expansion of the ski area. I believe the expansion can help sustain the exceptional skiing experience that Arapahoe Basin is known for while allowing future generations of skiers and outdoor enthusiasts to discover the same opportunities that have meant so much to me. I appreciate the thoughtful planning that has gone into the proposal and hope it moves forward so that this special place can continue to thrive for decades to come.
