Comments: This is a project that needed to be done years ago and it's very important to the American economy, our Security, our military, and all of the things that rare earth impact. This is a great opportunity to provide those elements that are critical to our national success. let's not forget that a long time ago we built a nuclear reactor in the top of Warren Peak and that's all Ben reclaimed 240 acres is trivial and can be easily reclaimed after we benefit from those resources.
