Comments: I am 100% AGAINST this. OUR public lands, National Forests and Parks are not for sale to ANYONE. They were made to preserve our Nations beauty and wildlife for ALL Americans. Not for its beauty to be destroyed to be mined to make evil corporations richer while ALL Americans are made poorer and dumber with this AI crap. If you pass this you will prove our Constitution and country have become a joke FOR SALE to the highest EVIL bidders. If any of you have any children or grand children stop to think about their future and the world they will have to live in and not politics or your paychecks. SAVE OUR NATIONS BEAUTY AND WILD LIFE FOR ALL FUTURE AMERICANS TO ENJOY.
