Comments: The Sawtooth National Recreation Area matters to me. I go to the Sawtooth National Recreation Area whenever possible. I love to hike, camp, and enjoy the wild beauty of the area. What matters most to me is the peace and tranquility, the chance to see wildlife and enjoy the wonderful scenery. If this goes through, habitats can be disrupted or destroyed. The natural process of the land recovering will be disturbed and will not have the chance to regenerate as it should. Logging should be carefully studied before it is implemented.
