Comments: I do not support the sale of this land - once public lands are purchased by private owners they can never be reclaimed.

Additionally, this opens up the possibility (probability?) that the buyer, individual or corporation, is from another state or another country - meaning the profits generated from the development of this land will not stay in Missoula, Montana, or even the USA.

One possibility I could potentially support - the sale of the land to the city of Missoula, where it could remain in public hands potentially be redeveloped wholly or partially as open space/parkland for all to enjoy.
