Comments: Hello,

As both a Brian Head property owner and regular visitor for the past 15 years, I am highly in favor of the full proposed expansion.

I have witnessed firsthand the care and pride that the resort and town both have towards our wonderful natural surroundings, and I have full confidence that this expansion will be treated no differently.

With recent population growth in Southern Utah and Nevada, this expansion comes at the right time to provide the terrain and acreage needed to prevent overcrowding. I feel this will further enable future generations to discover a love of the alpine outdoors, as I have.

Thank you,

S. James
