Comments: Approval of the Brian Head expansion would be a wonderful addition to the community. My only input would be concerns over accessibility specifically the closure of Hwy 148 to Hwy 14 in the winter months. Ideally this plan would include winter maintenance of this route which would enhance surrounding communities being able to access. Currently due to the winter closure residents and visitors to go skiing from Duck Creek they have to drive all the way to Cedar City passing by a perfectly good road (148). The drive is an additional 1.5 hours to reach Brian Head which is only 30 min away. Please take this under consideration and attempt to find a way to keep Hwy 148 open year round.

Thank you for the consideration and adding this great addition to our area.
