Comments: have visited a few times. Mostly hike. You can make it a state park and limit the size of vehicles or travel trailers to keep intact low. There is solo much PRIVATE development in the area a state park would assure that NO MORE LANDS GET TAKEN OVER BY RICH OUTFITTERS and land developers!

We up in Routt county are so grateful that Stagecoach state park was planned as there is a MONSTROUS PRIVATE Millionaires Development proposed just outside the state park and lake boundaries. Tell the naysayers that want to keep "OUTSIDERS" out of public lands that it is OUR STATE TOO!
