Comments: I have tried to email my comment 3 times to the address provided. It comes back every time as an invalid address. I want to be SURE that my statement will be accepted because I am NOT as computer savvy as you. This is a ridiculous address to be providing the public and I presume the reasoning is so that these statements won't be valid. As a taxpayer I both Garfield and Eagle counties, it is my right to be heard and NOT to have to deal with this nonsense. Thank you. I look forward to a response.
