Comments: To whom it may concern,

I am writing to oppose the Colorado State park at Sweetwater. This is for multiple safety reasons for both residents and visitors. Approving this as a State Park would be highly negligent due to human safety.

The roads all of the way from the I-70 interstate to the lake is not built for or safe for increased traffic. This road regularly experiences mudslides closing or limited road access. Risk of increased Colorado wildfires and only one way in and out of the lake.

Additionally, a State park would also negatively impact wildlife. We have very few areas in Colorado that are low human impact which should be more of a consideration than recreation.

Sincerely,

Concerned Colorado Citizen, Suprena Crawford
