Comments: I am submitting this comment to strongly support protecting the existing snowmobile and ATV/quad trails around Brian Head.

I owned a cabin in Brian Head for 15 years, and the trail system was a major reason I loved the area. I plan to continue coming back, and I want future visitors to have the same access to these trails.

I support recreational development in Brian Head, but I do not support eliminating or significantly restricting the existing snowmobile and ATV/quad trails to accommodate the resort expansion.

Please protect the existing trails. If any trails absolutely must be changed, they should be replaced with comparable routes that maintain the same level of access and recreational value.

I also ask that you consider the local businesses that depend on these trails, including Thunder Mountain Sports and its year-round snowmobile and ATV tours. Changes that reduce trail access could directly impact their ability to operate.

Please expand responsibly without sacrificing the existing snowmobile and ATV/quad trail system that makes Brian Head special.

Thank you for considering my comments.
