Title:
Comments: The background documents say more than 3,500 acres are involved, your email says 3,000. I'm not especially concerned about small discrepancies. I am more concerned about public reaction to any discrepancy. Trust in government agencies needs improvement. Personally, I trust your judgement.

I was not able to see why this particular area. Is this indicative of a much larger problem? Are budget constraints limiting a larger problem or is it very localized?
