Comments: Since my dad retired from the Navy and moved us to Idaho, I have been excited to enjoy all sorts of winter sports and especially snowmobiling! I have had some awesome experiences with my dad out riding in the wild lands of central Idaho and look forward to expanding our travels and snowmobiling in other traditional areas, including the Great Burn area. I now hear that there is a danger of this area being closed to snowmobiling...

This is sad news indeed! Please work to keep all areas open to our beloved family sporting - snowmobiling!
