Comments: helicopters in the Pusch Ridge wilderness

As a resident of Oro Valley, I want to strongly object to the proposal by the AZGF to fly helicopters into our beloved wilderness. Wilderness, what little we have, is sacrosanct for people to escape the hubbub of daily life; to hike and to experience nature- in it's pristine condition. Collaring sheep forcefully brought in from other places is indeed a travesty. They should be left alone to thrive or not to thrive. We hike the wilderness in Pusch Ridge and are opposed to this request. Please preserve the integrity there and deny the request. Yours, Tim Storer
