Comments: Dear Ms. Bonesteel

I have been assigned as the lead reviewer for the U.S. EPA Region 9 for the Bordertown to California 120kV Transmission Line Project Draft Environmental Impact Statement. I have attached a pdf file of our comments regarding the DEIS. The signed letter was mailed today to Ms. Marnie Bonesteel.

Thank you for providing us the opportunity to review this interesting project. Please feel free to contact us if you have any questions, seek clarifications or if we can help in any other way.

Sincerely

Scott Sysum
