Subject: CSERC Request for Info

Hi Adam,

As I'm sure you are aware, CSERC will be submitting comments regarding the OSV plan. I was hoping you could update CSERC with the most current information about Sierra Nevada Red Fox survey efforts - specifically providing which (if any) hexagon/grid numbers have had new, positive detections in and around Pacific Valley, Eagle Meadow, Long Valley, Nightcap Peak, and Sonora Pass area. Thank you for providing us with this valuable information,

- Megan Fiske
