Comments: I am writing this letter to let You know that my family like to hunt all type of rock that are in New Mexico. We spend at least two weekend a month and some times three in the wood looking for rocks. We would like to see a larger part of the forest left out of the wildness lock up?? Areas that I would like to see remain open are: D35x7.b--D3 Lang--D3 5K1--D3 ADJ8.bD3ADJ8--D35K16--D3 5K11--D3 5K15--D3 5K12. These area give us and our rock hound friends access, because some of us are getting old and have a hard time walking a long distances. Please keep these area open so we can enjoy our pass time, looking for rocks. Thanks for you time.
