Comments: Cibola Grasslands

I would like to voice my opinion on the revising of lands in the Magdalena, NM area. I love this land and camp and prospect in this area and the access is very easy for me being disabled veteran. I would really be grateful if more consideration would be used because I know more people can't be heard. Doing this to the Cibola National Forest will take away a piece of 50 years growing up in Southern New Mexico, this.

A public vote should be taken and see if the New Mexico Natives really want this. I feel this is really been kept low from New Mexicans and should hold for a Vote.

- See what we really want for our State!
- The purpose of this since 1985 Resource Plan?
- How many jobs is this cutting to save Forest service money?
- Why is this being pushed so fast and who is really benefitting?
- This will hurt the area for sure. (Mt. Taylor, Magdalena, Mountainair, and Sandia ranger districts)

Thank you for listening to Vets Of NM,

Gary W Geuss
