Comments: Cibola wilderness expansion

To whom it may concern,

I have recently become aware of the potential expansion of the Cibola wilderness area. This expansion would be a tragedy, Currently some of the best mountain biking trails in the nation are located in the area that is being proposed for expansion. This may not affect the people who are making the decision but it will affect thousands of people who use them every week. I currently use the trails 4-5 times per week and would be heart broken if I lost the ability to use them. Please the the boundary as it is so many more generations can experience the great trails that exist on them.

Thank you,
