Comments: Extension Request - Cibola Forest Plan

Hello,

Given the level of concern by the community at-large over the vast amount of land being considered for wilderness designation in the Cibola National Forest, I believe it would be in the best interest of all parties to extend the inventory phase of the process through July 2015.

The extension will allow the community to gather, organize, validate, and format information in order to meet the needs of the forest service. Please consider granting the extension as requested.

Regards,

Jeremy Liska
