First name: Steve

Last name: Bell

Organization:

Title:

Comments: Wilderness

I really feel that this is a futile effort to sway someone who's mind is made up. I oppose any wilderness, this just takes that area away from me. I would like to know why it is that you all don't abide with the wishes of the majority and I would like to know what recourse we have once this is rammed down our throats, because the fight won't end there.

Steve Bell
