Comments: Mt Taylor & zunis

Contrary to grants mayor Martin hicks statement that all grants residents are against this plan, I for one am not. I am a life long hunters in these mt s and a rancher. We need to protect and preserve these areas. The abuse of the areas with atv, utv, motor cycles and trucks is inexcusable. Only roads maintained in some form by the forest service should be open for traffic. Areas could be set aside for 4wheeling. People have always had access to all of these areas, use your feet.

The laws on driving off roads need to be enforced and prosecuted.

Thank you
