Comments: CBMBA comments regarding CDNST reroute

To all those involved in this process, thank you for giving the Crested Butte Mountain Bike Association this opportunity to comment on what is a much needed and beneficial reroute of the Continental Divide National Scenic Trail. Attached is our official comment letter. As a club, we have always enjoyed working side by side with members of the local Forest Service, improving trails in and around the Gunnison Valley. Looking forward to another great year of working together. Thanks again.

Sincerely,

Tim Kugler
