Comments: The Gunnison Public Lands Initiative Initial Proposal

Hello -

Attached you will find the Gunnison Public Land Initiative (GPLI) initial proposal for consideration and incorporation in the Grand Mesa, Uncompahgre, and Gunnison (GMUG) National Forest Land and Management Resource revision process.

The attached materials include:

- * Our introduction letter;
- * Mxd map file of the GPLI initial proposal areas,
- * Zip file of the GIS shapefiles;
- * and the initial proposal report.

These items have also been sent to the Forest Service's Delta office at 2250 South Main Street on a thumb drive as requested by the planning team in earlier correspondence.

On behalf of our members and community, we thank you for considering our initial proposal and look forward to continuing this discussion.

Best regards,

Maddie Rehn
