

Dear Payette National Forest Supervisor,

I am writing in support of the Stibnite Gold Project. Thank you for the opportunity to provide my feedback as part of the National Environmental Policy Act.

The Stibnite Gold Project will help to restore the environment in our region. Under alternative two, Midas Gold has prioritized restoration work so many of the efforts occur early in the project. The company is also required to set aside all of the funds needed to properly restore the site in a special trust so the land will be restored no matter what happens to the company. Reclamation efforts have already started at the site. Midas Gold has planted thousands of trees and worked to reduce sediment entering waterways near the site. To me, these actions prove the company is truly committed to restoring the site.

Thank you for the thorough review of the Stibnite Gold Project. I urge you to now move forward and permit the mine using alternative 2 so Midas Gold can put Americans back to work.

Best regards,

Name: david peters
