

Payette National Forest Supervisor,

I have reviewed the Alternative 2 and met with members of Midas Gold Idaho to better understand the company's plans for the Stibnite Gold Project. Below are my comments on the plan to be included in the comment period.

Midas Gold wants to restore the rivers, wildlife and habitat near the Stibnite Gold Project site. We should let them. The Forest Service has given meaningful time to review the document and comment. Further extensions are not necessary and will only hurt Idahoans by delaying the benefits of the project. Please permit Alternative 2 of the Stibnite Gold Project as outlined in the draft Environmental Impact Statement.

After reading my letter, I hope you can see why you should permit alternative 2 of the Stibnite Gold Project. This project is a good thing for Idaho, helps decrease America's dependence on foreign countries for critical minerals and cleans up the environment. These benefits cannot wait. Sixty days is long enough for the comment period.

Thanks for your Consideration,

Name: Mike Mathews
