Soldier Pass - In favor of having Red Rock Jeeps use numbers drop from 10 jeeps at one time down to 5 jeeps at one time, and double their yearly numbers to make up for the drop in the at one time numbers. This plan would drop the encounters and insure that Red Rock would be on the trail the whole year maintaining the trail. It would also be a good idea to put up solar powered gate that tour guides & public alike would have to get a permit and information to use the trail. The public would be able to get them for free or Red Rock Pass.
