

Payette National Forest,

I am writing to express my views on Midas Gold Idaho's Stibnite Gold Project. The opportunity presented by the Stibnite Gold Project is compelling for many reasons and it is a project I am committed to seeing come to fruition.

One of the biggest challenges facing Idaho is having a trained workforce. Midas Gold not only plans to hire hundreds of Idahoans but the company will provide employees with training to build a more skilled workforce in Idaho. We applaud Midas Gold's commitment to helping Idahoans get valuable training that may not otherwise be available. This commitment by the company will help benefit Idaho families and allow Idaho to attract new businesses in the future.

While the economic benefits of this project cannot be ignored, it also will transform an area in need for environmental repair. It is for all of these reasons that I encourage you to move the Stibnite Gold Project forward as outlined in alternative 2 within this 60-day comment period.

Best Wishes,

Name: Tony Jericevich
