Comments: OBJECTION: South Red Bird Wildlife Habitat Enhancement Project

Greetings,

Attached are the official objections from the Ruffed Grouse Society and American Woodcock Society regarding the South Red Bird Wildlife Habitat Enhancement Project. Given that the 45-day objection period ended on a Saturday, I was under the impression that I had until close of day (midnight) today to submit our objections. I was surprised to see that the online objection submission was closed this evening. I apologize if I misunderstood the directions and I hope you will still consider our standing in the objection process.

Regards,

Nick
