Mr. Hunter:

Saw in local paper that you were taking comments from public about camping.

Its hard to find a good camping spot any more.

Here is some suggestions

- 1) ENFORCE: No drinking in campsites fine people! From experience they drink then start shouting and cussing. Even if some campsites don't hear other do.
- 2) No one should be able to camp more than 1 week! People that work only home 1 week to vacate, so that extra 7 days they take, cause people like us with familys, no campsite's for us and family.
- 3) Have heard over yrs. several people say we camp all summer long, 2 wks here, 2 wks there, that way we don't have to go to hotel, or rent a cabin, a whole lot cheaper and get to spend summer in GA. Not fair! They use the showers (water) and toilets (toilet paper).
- 4) Some places that we can camp and no charge, these people live as long as they can, (unless someone soul) calls and complain! Then their name is told! Someone or people that call, their name or names should never leave the office that they call! Know for sure it does happen!
- 5) It's getting to where it's not even hope to camp with everything that goes on in campsites. We understand the hosts are probably uneasy about getting on to people, so they turn their heads.

Good Luck in your project, wish we could feel safe, be able to get a spot, and everyone be able to be treated like some don't get special treatments.

Also, this is hearsay, but have heard a lot of people who had VOCIV had came to GA to wait their time out.

I but they torched where your put \$\$ in, went to bathrooms, etc.

Thank you
