Good Morning and Happy Monday,

I wanted to take a minute to echo and support the comments of the Dubois Sno-Katters. I live in central Iowa but am a supporting member of the clubs where I ride. I have been a long time friend of John Lee and the Lee family and make several trips to the Dubois area each winter. We also schedule our local annual club trip to the Togwotee area as well as bring several other groups from the midwest. I ask that you please take all of the comments under consideration.

Sincerely

Todd Bowman
