Comments: After hearing about this project that will destroy the natural ecosystem and history of the historic Holland Lake, I was deeply saddened. As a third generation Montanan, nothing makes me more upset than having something I go to every year get destroyed by a large company coming here to make a profit. This lakes pristine views, gorgeous waters, and outdoor feel will be depleted if this project is accepted. Holland lake is a place where I have gone year after year to enjoy Montana at its best with my family, friends, and dogs. And these memories I had hoped to continue, however I don't think I would be able to ever get the same experience again. Keep and preserve Holland Lake and it's natural, historic beauty. And please consider ending this project to protect the waters, ecosystem, and animals that currently reside there.
