

I am writing in support of the Stibnite Gold Project. The project will help restore the site, secure the minerals we need for our national security and strengthen America's supply chains. Thank you for the opportunity to provide my feedback as part of the National Environmental Policy Act

I agree with everything that's been laid out in the Stibnite Gold Project plan. Repair the wrongs that have been done in the past, while working to improve the project for the future

Tim Christopherson
