First name: Steve

Last name: Thompson

Organization: Resilient Butte Steering Committee

Title:

Comments: Hi Michelle,

On behalf of the Resilient Butte Steering Committee, please find attached a comment letter on the Basin Creek project. The Steering Committee discussed the Basin Creek project proposal on January 9 and authorized me to write a letter of support on behalf of the steering committee. The Resilient Butte Partnership is a community project initiated by the consolidated city-county government of Butte-Silver Bow, the National Center for Appropriate Technology (NCAT), and Montana Technological University. The partnership formed in 2022 and convened a 10-person steering committee to develop a community climate adaptation and mitigation plan.

Thank you for the opportunity to provide public comment on this project.

Best regards,

Steve Thompson

On behalf of the Resilient Butte Steering Committee
