Comments: To the U.S. Forest Service,

I'm writing to inform you that 3,502 supporters of Oil Change International are urging you to select Alternative (1) "No Action" and reject the proposed 11 changes. Their message is below:

Allowing the Forest Service to break 11 of its own rules to accommodate Mountain Valley Pipeline, LLC, sets an alarming precedent for similar rule-breaking on national forests across the country. These exceptions run counter to the Forest Service's mandate to "sustain healthy, diverse and productive forests and grasslands for present and future generations."

We implore the U.S. Forest Service to select Alternative (1) "No Action" and reject the proposed 11 changes.

Thank you.
