The staff of the Wyoming Game and Fish Department (Department) has reviewed the proposed Green Union Project in Fremont County. The Department is statutorily charged with managing and protecting all Wyoming wildlife (W.S. 23-1-103). Pursuant to our mission, we offer the following comments for your consideration.

The Department appreciates the proactive engagement by the U.S. Department of Agriculture's Forest Service that has already occurred regarding the project. We look forward to continuing to work collaboratively to ensure the secondary goals of maintenance or improvement of wildlife habitat and improving or restoring watershed condition and function are achieved

Thank you for the opportunity to comment. If you have any questions or concerns please contact Ross Crandall, Habitat Protection Biologist, at (307) 367-5615.
