Comments: Dear Grasslands Plan Revision Team,

Attached are the Center for Biological Diversity's and Western Watersheds Project's comments on the draft assessment, including comments on the Wild and Scenic River eligibility study and the draft potential Species of Conservation Concern (SCC) list. Additionally, referenced literature is attached in a separate PDF.

Please let me know when you have received these comments and confirm you were able to download the comment, as well as the references PDF.

Thank you,

Hayden
