COMMENT

Hello my name is Louis McGarhey,
I own property at 8900 Peavine Peak Road. My
concerns are: Securing active mining property;
and the existing right of way is 10^{ft} for the pole line
road and they want to extend that to 300 feet;
and the easment is with ATT not the power company,
how is this allowable without the consent of the private
land owner; and how will this effect the people who
work there and vegetation; and how will this
impact the mine tunnels under the existing
pole line road; and who is responsible for theft
and damage to the property crossed to access
the pole line road; and what about liability for fire
as well?

I and my 2 brothers and my father are joint owners of approximately
